

GINA CANGIALOSI

LEED AP, ASSOC. AIA

w: www.ginacangialosi.com
e: ginacang@gmail.com
p: 908.644.4645

PROFILE

Highly motivated LEED Accredited Professional with international design experience. Strong passion for sustainable architecture and commercial design. Personally focused on blending culture with nature and humanizing the architectural experience through socially conscious architecture.

EXPERIENCE

BURIC AEP

Architectural Designer

Somerville, NJ

2008-2010

Utilized BIM software to provide evidence for multi-million dollar lawsuits.

- Developed Revit model and animation used for trial evidence to represent damage due to poor installation of EIFS on exterior of condominium complex in South Jersey.
- Temporary and permanent rehabilitation of four story condominiums units deteriorating from improper load displacement. Successful litigation and reconstruction.

WALLACE E. CUNNINGHAM

Intern Architect

San Diego, CA

2007-2008

Prepared construction documents, digital renderings, presentation material, and model building. Developed a balance between creative and detailed design working with renowned high-end residential architects.

- Complete remodel of single-family residence with a project budget of \$12,000,000.
- Design of high-end residence focused on linearity as a complement to contradicting site.

YANTALO PERU FOUNDATION

Project Designer

Yantalo, Peru

2007-2008

Completed design of green healthcare clinic located in the upper Amazon jungle of Peru.

- Design of \$11,000,000 clinic focused on sustainability, local materials and ease of constructability to reduce cost and leverage local construction skills.

THOMAS BAI0 ARCHITECT

Intern Architect

Metuchen, NJ

2005-2006

Responsible for site measurements, drafting redlines, preparation of construction documents, collaboration on conceptual design, preparation of presentation boards, and meeting with clients.
